WILL PLEAD FOR A REDUCTION.

St. Louis Terminal Association and Bridge Company May Succeed in Having Assessment Reduced.

Jefferson City, Mo., Aug. 12.—A meeting of the Board of Equalization will be held to-merrow, and the result of the board's work will be made public shortly afterwards. Major C. C. Rainwater, it is understood, will appear before the board on behalf of the St. Louis Terminal Association and the bridge company. The valuation of this company's property has been raised about \$1,500,000.

company's property has been raised about \$1.30,000.

The Terminal Company's representative, it is said, will show that this increase will raise the valuation of their property to \$0 per cent of its total value.

The board has endeavored to raise all steam and street railway property to \$3 1-3 per cent of its value, to conform to the valuation of real estate and other property. If this can be satisfactorily shown, the members of the board, it is probable that the reduction to \$3 1-3 per cent will be made. This will lower the valuation approximately \$50,000.

This will lower the valuation approximately \$550,000.

The total increase on the class of proparty mentioned is 10 per cent over that of the last board, or, in round numbers, \$10,000,000.

The reduction of the Terminal will reduce this to \$3,150,000.

It is thought that no other reductions will be made, and that the increase on the Transit Company's property and on the Missouri Pacific, Burlington, Santa Fe, Missouri, Kansas and Texas and Frisco railroads will be allowed to remain, as it has been fixed; also the raise of \$1,565,000 on the Metropolitan Street Railway, in Kansas City.

City Counsclor Schnurmacher's opinion ndered yesterday to Mayor Wells, in relation to the routine for appointments in departments of the Board of Public Im-
